DETAILED ACTION

Election/Restrictions

1. Applicant's election with traverse of claims 1-5 in the reply filed on 10/14/05 is acknowledged. The traversal is on the ground(s) that the search and examination of entire application can be made without serious burden. This is not found persuasive because the search and examination of entire application would be serious burden.

The requirement is still deemed proper and is therefore made FINAL.

2. This application is in condition for allowance except for the following formal matters:

(A) Drawing

Figure 5 should be designated by a legend such as --Prior Art-- because only that which is old is illustrated. See MPEP § 608.02(g). Corrected drawings in compliance with 37 CFR 1.121(d) are required in reply to the Office action to avoid abandonment of the application. The replacement sheet(s) should be labeled "Replacement Sheet" in the page header (as per 37 CFR 1.84(c)) so as not to obstruct any portion of the drawing figures. If the changes are not accepted by the examiner, the applicant will be notified and informed of any required corrective action in the next Office action. The objection to the drawings will not be held in abeyance.

(B) Claims

Claim 1, line 1, "Ahigh-speed" should be -- A high-speed--.

Claim 4, line 1, "Amethod" should be -- A method--.

Prosecution on the merits is closed in accordance with the practice under *Ex parte Quayle*, 1935 C.D. 11, 453 O.G. 213.

A shortened statutory period for reply to this action is set to expire **TWO MONTHS** from the mailing date of this letter.

3. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure.
